DATA SUMMIT LUXEMBOURG

The Data Summit Luxembourg is the leading event for showcasing innovation potential of data reuse. Using data for responsible AI can accelerate innovation and enable societal impact, improving the lives of citizens.

The Data Summit Luxembourg brings to the table critical discussions of data (re)use, data sharing and how to not only enable – but accelerate – positive societal impact through responsible use of data & AI.

“Join us to discover innovative approaches, engage in interactive sessions, and connect with data & AI professionals from academia, government, and industry”

About Data Summit Luxembourg

- The leading event dedicated to showcasing the innovation potential of data & AI

The Data Summit Luxembourg is the leading event dedicated to showcasing the vast innovation potential of data. Using data for responsible AI can accelerate AI innovation, enable societal impact, improving the lives of citizens. To enable this, a strong framework of legal, ethical and political challenges need to be overcome.

Join us to discover innovative approaches, engage in interactive sessions, and connect with data & AI professionals from academia, government, and industry.

The Data Summit Luxembourg 2025 edition will bring up critical discussions of data (re)use, data sharing and how to not only enable – but accelerate – positive societal impact through responsible use of data & AI.

In 2025 Data Summit Luxembourg takes a stronger focus on AI, as the importance of AI is highlighted through the AI Factory.

The day will include:

- 20+ Inspiring Plenary Sessions: latest developments on Data & AI in Luxembourg & beyond, impactful data projects, insightful industry insights
- 6 Parallel training sessions
- Countless networking opportunities at the 15+ Stands in the Foyer

ABOUT

Showcasing a mix of sessions from academia and industry, including interactive keynotes, panels and training sessions, you will get a deep insight into the journey of innovation from data & AI.

Consisting of a plenary session and parallel trainings, the Data Summit Luxembourg brings to the table critical discussions of data (re)use and data sharing. Join for interactive presentations and trainings. to discover how to not only enable – but accelerate – positive societal impact through responsible use of data & AI.

SECTION 2

Sponsors & Partners

Be part of the Data Summit Luxembourg!

Section 2

Sponsors & Partners - Be part of the Data Summit Luxembourg!

Why should you be part of the event as a sponsor?

As a sponsor you will gain visibility among both industry leaders and government decision makers.

Key values of sponsorship:

- **Connect your organisation** with innovation in data spaces
- **Visibility for your organisation among the leaders and decision makers** in the data economy
- **Network with key data professionals** in Luxembourg and the greater region
