

# DATA SUMMIT LUXEMBOURG

## People, Tools and Governance

The journey to impact continues

# The Data Summit Luxembourg

The leading event on value creation of public sector data

The Data Summit Luxembourg is the country's leading event on public data and artificial intelligence, bringing together decision-makers, experts, and practitioners to explore real-world use cases, strategic insights, and emerging trends shaping the data economy in Luxembourg and beyond.

With a strong focus on responsible data use and trustworthy AI, the Summit highlights how data-driven innovation can drive societal impact while addressing legal, ethical, and policy challenges.

Through keynotes, panels, and case studies, it fosters collaboration across academia, public institutions, and industry, offering sponsors high-visibility access to a forward-looking data and AI ecosystem.

**Join us to shape the future of data and AI.**
