Innovation throughout the Data Journey

Welcome to the 2024 edition of the Data Summit Luxembourg

The Data Summit Luxembourg 2024 edition will take you through the entire data journey, showcasing innovations and solutions to diverse data challenges. The day will include:

- **Inspiring Sessions:** Explore the End-to-End Data journey, the Data & AI revolution, creating value from data reuse, and much more
- **Learning & Insights:** Find solutions to your questions on the data journey through concrete data projects, or attend one of the training sessions
- **Networking Opportunities:** Connect with fellow data professionals from academia, government, and industry

This year, the Data Summit Luxembourg opens its doors also to sponsors and exhibitors. Gathering local and international participants from the public and private sectors, participants can learn the latest developments of data services, while networking with industry professionals and policy makers. The programme will showcase the vast potential lying in secondary use of data, when utilising it in the right way and through the right services.

Join us, and be part of the ultimate event to explore, learn, and enable innovation throughout the data journey.
